

## Level 6 NVQ Diploma in Construction Site Management (Construction)

Our Level 6 NVQ qualification provides a nationally recognised qualification appropriate for those working as construction site managers in building and civil engineering, highways maintenance and repair, residential development, conservation or demolition.

To complete the qualification, Candidates must achieve 172 credits:

80 credits from the Mandatory units; plus a minimum of 92 credits from the one of the pathways

In order to meet the assessment criteria candidates should be working in the role of construction site manager in building and civil engineering, highways maintenance and repair, residential development, conservation or demolition. Positive Safety Solutions will carry out an initial assessment of candidate skills and knowledge to identify any gaps and help plan the assessment.

### Mandatory Units – candidates must complete ALL units in this group
